TASTE is a Christian charity based in Sheffield and with an Office in Jos, Plateau State, Nigeria, working to provide disadvantaged communities across Nigeria safe drinking water supply. We drill boreholes in communities where women and children bear the burden of water collection, often walking 5k per trip. The water is usually contaminated and unsafe to drink. We also educate the communities including children in local schools about the importance of good basic hygiene and sanitation practices.
Since being set up in 1999 TASTE has provided over 2,000,000 individuals with clean water. For more information contact: Mobile: 07881 582126
